

Tinted BB SPF 30

A tinted cream with SPF 30 and iron oxides. Iron oxides reduce visible light, which contributes to pigmentation.

HOW TO USE

Every morning as the final step. Apply generously — about a quarter teaspoon for the face. Reapply every two hours of sun exposure.

INGREDIENTS

Aqua, Caprylic/Capric Triglyceride, Titanium Dioxide, Diethylamino Hydroxybenzoyl Hexyl Benzoate, Coco Caprylate/Caprates, Glycerin, Polymethylsilsesquioxane, Hydrogenated Ethylhexyl Olivinate, Bis-Ethylhexyloxyphenyl Methoxyphenyl Triazine, Octocrylene, Phenyl Trimethicone, Glyceryl Stearate, Ceteareth-20, Butyrospermum Parkii Oil, Acetyl Hexapeptide-51 Amide, Boron Nitride, Iron Oxide, Sodium PCA, PEG-100 Stearate, Cetearyl Alcohol, Terminalia Ferdinandiana Seed Oil, Saccharide Isomerate, Niacinamide, Chondrus Crispus Extract, Lecithin, Hydrogenated Olive Oil Unsaponifiables, Tocopherol, Tocopheryl Acetate, Glycine Soja Sterols, Succinoglycan, Sodium Hyaluronate, Silica, Polysorbate 80, Behenyl Alcohol, Polyhydroxystearic Acid, Alumina, Stearic Acid, Sodium Citrate, Lactic Acid, Disodium EDTA, Citric Acid, Benzoic Acid, Benzyl Alcohol, Sorbic Acid, Tromethamine

WHAT TO EXPECT

Light coverage that evens tone. Most people apply far less than the tested amount — a quarter teaspoon for the face is the measure.

Contains tree nut (shea) and soy. For external use only. Avoid the eye area. Refer to the bottle label for SPF, broad-spectrum and water-resistance claims.

Full ingredient list, batch and expiry on the bottle. Store below 25°C.
