

Salicylic Acid Cleanser 2%

A gel cleanser with 2% salicylic acid and bakuchiol. Oil-soluble, so it works inside the pore. For oily and congested skin.

HOW TO USE

On congested days, not every day. Massage over damp skin, leave briefly, rinse thoroughly. Use a non-acid cleanser on other days.

INGREDIENTS

Water, Glycerin, Caprylyl/Capryl Glucoside, PEG-120 Glucose Methyl Dioleate, Decyl Glucoside, Cocamidopropyl Betaine, Cocamidopropyl Dimethylamine, Salicylic Acid, Hamamelis Virginiana Water, Sodium Lauroamphoacetate, Polyacrylate Crosspolymer-6, Epilobium Angustifolium Extract, Bakuchiol, Phenoxyethanol, Ethylhexylglycerin, Sodium Chloride, Benzoic Acid

WHAT TO EXPECT

Clearer pores and less congestion over four to eight weeks. Some dryness early on is common; reduce frequency if it persists.

Not recommended in pregnancy or while breastfeeding — speak to your practitioner. Increases sensitivity to sunlight. For external use only.

Full ingredient list, batch and expiry on the bottle. Store below 25°C.
