

Vitamin C 10% Anhydrous

10% ascorbic acid in a water-free base with vitamin E. Water-free formulation slows oxidation.

HOW TO USE

Mornings, on clean dry skin, before moisturiser and sunscreen. Do not use in the same application as your copper peptide or PDRN serum.

INGREDIENTS

Glycerin, Isododecane, Ascorbic Acid, Propylene Glycol, Cyclopentasiloxane, Dimethicone, Tocopherol Acetate, Sweet Italian Orange Oil, Polysilicone-11

WHAT TO EXPECT

Brighter, more even tone over eight to twelve weeks. A brief tingle is normal. Some darkening of the formula over time is expected; replace if it turns deep amber.

Contains orange oil. If you are sensitive to fragrance, speak to your practitioner. Keep away from light and heat. Avoid the eye area.
For external use only.

Full ingredient list, batch and expiry on the bottle. Store below 25°C.
