

Lactic Acid Cleanser 2%

A foaming gel cleanser with 2% lactic acid at pH 3.80. Mild surface exfoliation for normal to combination skin.

HOW TO USE

Once daily to begin, morning or evening. Massage over damp skin for a few seconds, rinse thoroughly. Build to twice daily if comfortable.

INGREDIENTS

Water, Glycerin, PEG-120 Glucose Methyl Dioleate, Capryl/Caprylyl Glucoside, Decyl Glucoside, Lactic Acid, Cocamidopropyl Betaine, Sodium Lauroamphoacetate, Aloe Vera Leaf Juice, Polyquaternium-7, Xanthan Gum, Sodium Chloride, Phenoxyethanol, Ethylhexylglycerin, Mentha Piperita Oil

WHAT TO EXPECT

Smoother texture and brighter tone over four to six weeks. A brief tingle on application is normal. Use only one exfoliating step in a routine.

Contains peppermint oil. If you are sensitive to fragrance, speak to your practitioner. Increases sensitivity to sunlight — wear sunscreen daily. Not for use on broken or irritated skin. For external use only.

Full ingredient list, batch and expiry on the bottle. Store below 25°C.
