

Copper Peptide Serum

Copper tripeptide-1 with niacinamide, hyaluronic acid and coenzyme Q10.

HOW TO USE

Evenings only, after cleansing. Do not use in the same application as vitamin C or an exfoliating acid — keep vitamin C to mornings.

INGREDIENTS

Aqua, Niacinamide, Glycerin, Panthenol, Copper Tripeptide-1, Phenoxyethanol, Ethylhexylglycerin, Sodium Hyaluronate, Hydroxyethylcellulose, Allantoin, Tocopherol, Parfum, Ubiquinone, Benzyl Benzoate

WHAT TO EXPECT

Peptides work slowly and cumulatively. Think months rather than weeks. No stinging or peeling should occur.

Contains fragrance and benzyl benzoate. If you are sensitive to fragrance, speak to your practitioner. Keep apart from vitamin C and acids. For external use only.

Full ingredient list, batch and expiry on the bottle. Store below 25°C.
