

Retinol + Peptide

Retinol with palmitoyl tripeptide-38, acetyl hexapeptide-8 and niacinamide, in a squalane base.

HOW TO USE

Evenings only, two to three nights a week to begin. Cleanse with a non-acid cleanser on these nights. Build up slowly. Sunscreen the following morning is essential.

INGREDIENTS

Aqua, Vegetable Squalane, Hamamelis Virginiana Water, Glycerine, Niacinamide, Caprylic/Capric Triglycerides, Dimethicone, Retinol, Propylene Glycol, Glycyrrhiza Glabra Root Extract, Polysorbate 80, Hyaluronic Acid, Hydroxypropyl Cyclodextrin, Aloe Barbadensis Leaf Juice, Butyrospermum Parkii Butter, Palmitoyl Tripeptide-38, Acetyl Hexapeptide-8, Tocopheryl Acetate, Triethanolamine, Diethanolamine, Carbomer, Potassium Sorbate, Phenoxyethanol, Caprylyl Glycol, Sodium Benzoate, Citric Acid

WHAT TO EXPECT

Dryness and light flaking in the first two to six weeks is expected and settles. Texture and tone improve over three months. Burning, swelling or weeping is not expected — stop and contact your practitioner.

NOT FOR USE IN PREGNANCY, WHEN TRYING TO CONCEIVE OR WHILE BREASTFEEDING. Not for use under 18, or with isotretinoin or a prescription retinoid. Contains tree nut (shea). Increases sensitivity to sunlight. No acids on the same night. For external use only.

Full ingredient list, batch and expiry on the bottle. Store below 25°C.
