

Hydrolysed Collagen Peptides

Hydrolysed bovine collagen peptides with vitamin C from acerola cherry and hesperidin. Australian bovine. Unflavoured.

HOW TO USE

One serve (5.8 g) daily, stirred into cold water, juice or a smoothie. One tub is 30 serves.

INGREDIENTS

Hydrolysed Bovine Collagen Peptides, Acerola Cherry Extract (Vitamin C), Hesperidin. Each 5.8 g serve provides 4.8 g collagen peptides, 100 mg vitamin C and 45 mg hesperidin.

WHAT TO EXPECT

A daily nutritional supplement, not a treatment. Take consistently alongside your topical routine.

Vitamin C contributes to normal collagen formation for the normal function of skin.

Bovine-derived — not suitable for vegetarians or vegans. Contains phenylalanine. Not for use in pregnancy, while breastfeeding, or under 18. Speak to your doctor if you have a kidney or liver condition, or take prescription medication.

Full ingredient list, batch and expiry on the tub. Store below 25°C.

30 serves
